Career Readiness

Quality Education

PRICELESS

IMPROVING CAREER READINESS THROUGH STUDENT ENGAGEMENT

QEP Goal

Students will develop career knowledge and practice workplace skills through academic planning, active, collaborative and applied learning, and career activity participation.

Student Learning Outcomes

**SLO 1** Students will develop career awareness and academic planning skills by identifying course requirements for their program of study and creating an academic plan by the end of their first semester.

**SLO 2** Students will demonstrate career/soft skills through participation in active and collaborative learning activities in the classroom.

**SLO 3** Students will demonstrate the ability to practice and apply career/soft skills through participation in career focused activities, including internship-like experiences, resume/cover letter development and mock interviews.
